foundation's idea is needs to utilize the limited resources to help these to be poorest, most not to have the opportunity to obtain the help.”

How to utilize the human who the limited resources go to help many to need as far as possible to help, this is also Bill. The Gates 07 years at Harvard University graduation ceremony the question which proposed to same year's graduates.

However for all this, Mr. and Mrs. Gates live simply to the wealth, to philanthropy's craving, as well as the Gates foundation the contribution which makes to the humanity, widely receives people's appreciation and the respect. Specially brings the huge change to the computer technology the Gates this commerce field turbulent current to bravely retreat, the total involvement investment philanthropy, the field public figure said that this is philanthropy's gospel.
